

## Deposit & Damage Waiver

Your protection options : Bronze, Silver or Gold

The minimum level of cover for your cruise is our basic insurance plan (see Bronze Protection below).

### Bronze – Limited Protection (included in your booking)

- This is the minimum level of cover required for your cruise.
- In case of damage, there is an excess of 2500€ to 3500€, depending on the type of boat (not including the exclusions from insurance cover).
- This excess will be blocked as a deposit on the first day of your cruise (via credit card pre-authorization or french cheque).

For added peace of mind, we offer two optional protection upgrades that significantly reduce – partially or entirely – your financial liability in the event of any damage to the boat and its equipment.

### Silver – Intermiedary Protection

- The amount of this option varies from 130€ to 180€ depending on the type of boat.
- In case of damage, an excess of 600€ to 800€ now applies, depending on the type of the boat (not including the exclusions from insurance cover).
- This excess will be blocked as a deposit on the first day of your cruise (via credit card pre-authorization or french cheque).

### Gold – Complete Protection

- The amount of this option varies from 230€ to 280€ depending on the type of boat.
- In case of damage, no excess now applies (not including the exclusions from insurance cover).
- A minimal deposit of 600€ will be blocked on the first day of your cruise (via credit card pre-authorization or french cheque), to cover any potential additionnal fee (paying extras, fuel, exclusions from insurance cover, etc ...).

### Good to know :

- You can add or change your protection up until the day of the start of your cruise.
- Once the cruise has begun, the selected protection cannot be changed.
- As with any insurance policy, certain exclusions apply (see verso for more details).
